SUMMARY

Third-year B.Tech student in Computer Science Engineering with a specialization in (AI&ML) from GNIOT, Greater Noida. Proficient in Full Stack Development (MERN stack), programming languages (Python, JavaScript, C, Java, SQL), and Prompt Engineering. Strong foundation in AI/ML projects, Data Structures, and algorithms. Proven leadership through school roles (Discipline Secretary, House Captain, Head Boy) and strategic thinking as a Chess Champion. Currently working as the Team Lead for (AI-ML) in Google Developer Group on campus (GDG on campus), I have strong communication skills, both in written and verbal forms, and have experience in anchoring events, which has enhanced my ability to engage with diverse audiences. This allows me to convey ideas clearly and collaborate effectively in any setting. Actively seeking internship opportunities to apply technical skills and drive innovation in real-world solutions.
